VOLUME II, NUMBER 45 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA. THE COUNTY SEAT PAPER SEPTEMBER 24, 1928

END WISKERISM IS ACCOMPLISHED THE RECALL

The last vestige of wisekerism in Nevada county was practically wiped out in the recall election when Directors J. A. Teagarden and Theodore Schwartz were given a heavy vot of confidence by the electorate of their respective districts. The would be wreckers of the harmony and good will which has been growing in the district since the dismissal of the Bear river suits number but 92 which is a considerable variation from previous days.

In No. 3 south in Placer county Teagarden had 59, Oest 5 and Newcomb 14. In No. 3 north, Teagarden had 116, Oest 19 and Newcomb 8. Teagarden's majority was 175.

In No. 5 north Schwartz polled 104 to 7 for Deborah Gilham while in the north precinct Schwartz had 33 and Mrs. Gilham 36. Schwartz' majority was 91.

The farm bureau officials who engineered the fiasco and saddled the useles expense on the district treasury can now put in thei rtime at more enlivening pursuits than trying to revive the dead issue of wiskerism in this county.

YUBA PASS BOTTLE NECK WILL BE BROKEN SOON

The first step in breaking the bottle neck on the Yuba Pass Highway between Downieville and Sierra City has been taken by the allotment by the government of $16,000 for clearing the right of way this fall and early winter in preparation for construction work next year. The surveys have been made some time past and much heavy construction will be necessary to bring the new highway to standard specifications.

It is expected that the state highway commission will take steps to eliminate some of the hairpin turns on the highway between Nevada City and Downieville to take care of the largely increased traffic that will be using the route when the new highway is completed east of Downieville

The Yuba Pass Highway Association has not made any announcement of its plans for getting equipment on the ground to take care of the snow this winter.

HIGH SCHOOL NEWS GETS MANY COMPLIMENTS

The High School News as inaugurated in the last issue of The Nugget has proven immensely popular with the students of the school as well as the townspeople who are now afforded an opportunity to keep in close touch with all the happenings at the school each week during the term. A number of the students are making scrap books of the items.

The Nugget is glad to extend the use of its columns in furthering the interests of the community in any way at any time and in this instance has been the recipient of many compliments for its willingness to extend its columns to the upbuilding of the high school.

GRASS VALLEY CHAMBER SELECTS NEW OFFICERS

The annual meeting of the Grass Valley Chamber of Commerce last Monday evening was productive of much interest. J. E. Gooding stated that pressure of business would not permit his holding the president for another year and Eben K. Smart was elected to the post. Secretary E. O. Chapel, who has been the faithful and efficient secretary for many months past, was the unanimous selection for secretary.

The Grass Valley Chamber is one of the live civic organizations of the county and it is excellently officered. Never seeking to monopolize the space of the newspapers to exploit its own endeavors, it is nevertheless quietly plugging along and accomplishing definite results and returning an excellent profit on the money expended in its service.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining locations have been filed the past week:

Yuba Tightner No. 2 quartz claim in the Alleghany Mining District by Calvin H. Barkdull.

Yuba Mother Lode No. 3 in Alleghany Mining District by Philip J. Walton.

Galena mining claim in the Meadow Lake Mining District by Arthur E. Hammond.

The Dixie Queen quartz claim in the Meadow Lake District by Henry Clyde Cook and Glenn Bratsburg.

PETERSON IS DEVELOPING BLOOMFIELD GRAVEL MINE

One of the working drift placer mines of the San Juan Ridge is at North Bloomfield where P. C. Peterson, William Rowe and E. R. Williams are opening up the ground under the old reservoirs above town, through the old Maple claims.

There is an incline shaft of 25 feet and 200 feet drift have been run at about bedrock level, encountering good pay gravel. They are practical miners and are making an excellent showing.

RED CROSS SEEKS QUOTA HURRICANE SUFFERERS

Judge George L. Jones, secretary of the local Red Cross, has received the following telegram from National headquarters:

"West Indies hurricane has destroyed thousands of homes in Porto Rico and other islands also devasting crops. Immediate need for food, shelter, medical supplies and emergency relief. Red Cross taking charge at request of President aCoolidge. Need for large fund imperative. Please give widest possible publicity, this appeal and notify public. Your chapter will receive and forward to National headquarters all contributions. Initial donation is $50,000 from National funds. Baker, Red Cross National director of disaster relief and trained disaster staff now on way to island."

Nevada City has been asked to raise $100 to help in this noble cause. Contributions may be left at the Nevada City Branch of the United Security Bank and Trust Company and The Nugget office.

JUDGE JONES PRESIDES CORNERSTONE LAYING

Past Grand Master George L. Jones presided at the laying of the cornerstone for the new court house for Alpine county at Markleeville on Saturday, driving there and back from Nevada City the same day.

Assisting Judge Jones in the ceremony were Thomas M. Harris of Grass Valley as Senior Grand Warden, Joseph F. Stenger as Junior Grand Warden and P. W. Michell of Grass Valley as Grand Lecturer. Following the ceremony a barbecue was served.

BUCK DINNER ENJOYED BY ANTLERED BRETHREN

A fine buck stew was served to a large gathering of Elks Thursday evening that taxed the capacity of the banquet room, but the supply of provinder seemed to be capable of filling every hungry tummy. Chef George Carter aided and abetted by a number of strong armed brethern proved equal to the occasion and the large buck killed by Frank Daives earlier in the week went by the boards in jog time. Following the supper, the members disported themselves on the bowling alleys and in the club rooms until a late hour.

Congressman Harry L Englebright went to San Francisco Friday to attend the State Republican Central Committee conference and dinner which was held Saturday. He carried the proxy of J. E. Taylor of Grass Valley and was enabled to vote on important decisions as they arose.

Mrs. Clayton Bennett has as a guest her niece, Mrs. J. H. Nihell of Alleghany.

IDAHO STRIKE IS TO BE EXPLOITED SAYS MACBOYLE

The large strike reported from the Idaho Maryland mine in the issue of The Nugget of January 23rd last on the 1900 level has been followed for some months for a distance of 500 feet and the past few days has run into specimen ore running into fabulous values. General Manager Errol MacBoyle states that plans are now under way to open up the new workings and make the ore readily available for handling to the surface.

A crew has started laying track on the 1000 level and a raise will be run from the 1600 level to connect with the 1000. Electric haulage will be used.

The ground will be thoroughly prospected and the strike has all the indications of large production. All of the 500 feet already run shows 3 to 8 feet of highly mineralized ore and with the specimen ore coming in gives every promise of highly profitable extraction.

The leasers working on the Morehouse vein are working on high value rock. The last mill clean up the past few days shows a recovery of $14.30 per ton by amalgamation alone.

The Idaho Maryland with its past production record of around twenty eight million dollars and dividends of seven millions paid its stockholders, looks to be getting ready for another large era of production.

TALKIE MOVIES COME TO NEVADA CITY THURSDAY

Manager Tamblyn of the Broadway Theatre announces that through a great deal of effort and expense he has procured the first Sound Road Show for Nevada City.

Now! an amazing new world of entertainment opens to you. Imagine hearing what you see, the roar of the wind, storm on the ocean, chant of Indians, crash of earthquakes! Imagine! the delight in hearing a world famous symphony orchestra, the music symphonized to the exact mood and tempo of the picture. It sounds too good to be true, but it is true, and you can hear and see for yourself at the Broadway Theatre Thursday night, September 27th, at 8 p. m.

There will be one performance only at 8. p. m. and Manager Tamblyn asks that all who attend be in their seats in time for the overture by the New York Symphony orchestra.

One of the finest pieces of machinery yet to be invented makes it possible to synchronize "1000 Nights". So fine is the reproduction that it is as if the world famous orchestra were before you. Realism as you have never seen or heard before. Synchronizing equipment worth a small fortune will be installed in the Broadway Theatre especially for the "Sound Show.".

CYRUS ROGERS LECTURE ON CHRISTIAN SCIENCE

The Nevada City Christian Science Society announces a Free Lecture on Christian Science by Cyrus S. Rogers, C. S., of San Francisco, member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., on Friday evening, Sept. 28th at 8 o'clock, in Odd Fellows Hall.

The public is cordially invited to attend.

Mr. Samuel Shannon of San Francisco, president of the Rescue-Eula Mining Company was up the forepart of last week and spent a day at the Caston mine above Washington, which his company is developing. He expressed himself as highly pleased with the showing thus far made. He will make periodical visits to Nevada City and the mining property during the progress of development work.

Frank Ghidotti is enjoying a two week's vacation as manager of the Nevada Chain Groceteria. W. E. Nelson of the Auburn stores is in charge during his absence.

NEW CADIDATE IS TO APPEAR FOR ASSEMBLY SEAT

Strong pressure is being brought to bear on Jerrold L. Seawell of Roseville to enter the race for the assembly seat from the 9th district inasmuch as it has been found imposible to have Ed. C. Gaylord's name printed on the ballot. It is not unlikely that Mr. Seawell will announce his wilingness to make the race, the next few days.

Ever since the primary election when by a quirk in the law which prevented Mr. Gaylord, the popular candidate of the combined vote of the major parties, from making the race, there has a strong leaning toward Mr. Seawell and he has already been receiving wonderful letters of support from various outside districts pledging help.

Mr. Seawell who is a former railroad man has been prominent in Placer county politics and has a large following.

WESTERN MERGER SHIPS 20 TONS CONCENTRATES

A shipment of twenty tons of concentrates is being made to the Selby smelter by the Western Merger this week at a highly satisfactory price to the management. This with a satisfactory production for August from the plates and battery, gives encouragement for future production at this property.

Due to other mines being hooked up on the same transmission line, it has only been possible to operate the mill a single shift at night until this ondition can be remedied.

The crosscut on the 400 level that is being driven into the Jackson has advanced 100 feet in one face and 85 feet in the other. In the No. 2 crosscut, a strong vein has been cut which is now being drifted on both ways to determine its extent. It is the largest and strongest vein encountered in the lower workings and has an average width of four and a half feet.

A sawmill purchased from the Alaska mine at Pike has been installed and is now getting out the timbers and lumber for the mining operations.

WISLER FAMILY REUNION FIRST IN A LONG TIME

On Sunday, Sept. 16, there was a reunion of the Wisler family at Cherokee and all the children were home for the first time in eleven years. They had a very enjoyable time. Those present were Mr. and Mrs. Oliver P. Wisler, the parents, Mr. and Mrs. Lester O. Wisler of Oakland, Mr. and Mrs. Glenn M. Wisler and daughter, Greetice, of Sacramento, Mrs. T. J. Meadows, formerly Miss Thelma C. Wisler, Mr. and Mrs. T. O. Boren and children of Stockton, Mrs. Boren was formerly Miss Greetice R. Wisler, Otis H. Wisler of Stockton and Morris C. Wisler of Cherokee. The reunion was held on the birthday of Mrs. Wisler, Sr. She was presented with many beautiful and useful presents and she greatly enjoyed the company of her children and grandchildren.

COLFAX LAUNDRY SERVICE IS FINE AS THAT ANYWHERE

A newcomer to our advertising columns and unsolicited is the Colfax Steam Laundry, locally represented by Ramsey & Williams of the Bret Harte cigar store. The service and workmanship given by this modern laundry is of the finest and their prices are moderate. The regular basket leaves Monday and returns Thursdays, but special service is given any day. This paper heartily recommends their service to all laundry users.

Mrs. W. C. Buffington and son and her mother, Mrs. Rice, all of Auburn, came up Friday to visit relatives in our city.

E. DePrati was over from French Corral Thursday on business and was a pleasant caller at The Nugget office. It was his first visit in Nevada City in three years.

ANCHO NOW STARTING OPERATIONS LARGE OMEGA GRAVEL MINES SOLD

Syndicate Takes Over Bond And Lease of J. D. Stewart Large Operations Expected

James D. Stewart, Buburn mining engineer, has sold his lease and bond on the property of the South Yuba Mining & Development Company to a Syndicate, headed by Walter N. Sims, Jackson, Amador county.

This property consists of 26,000,000 cubic yard of high grade gravel at Omega, a saw mill and 30,000,000 feet of timber on Diamond Creek, the Diamond Creew ditch, the Blue Tent ditch and all equipment. The property covers some 3000 acres. The consideration has not been divuiged.

Stewart has carried on the work of equipping these properties for the past two years, having entirely rebuilt the Diamond Creek ditch and the Blue Tent ditch is about 50 per cent completed. The new operators are carrying on the work on a much larger scale, both at saw mill and mine.

T. L. Larsen, superintendent for Stewart, has been retained and is directing operations.

Stewart has been retained by the South Yuba Mining & Development Company as their representative.

Stewart has trasferred his operations to other Nevada county properties and his mine at Gold Run, Placer county.

EXCORIATION GIVEN THE PELLEGRINIS BY TUTTLE

In his sentencing of Frank Pellegrini and his wife, Marie, from the bench Friday morning, Superior Judge Raglan Tuttle delivered a discourse on the folly of conducting such a place as the defendants had been found guilty of, in no delicate language. The husband drew a $1000 fine with credit at the rate of $12. per day for such portion paid while the woman drew two fines of $1000 each and a two year jail sentence in addition on the three counts

In the trial held Tuesday, Frank Pellegrini was found guilty of the possession of liquor at his premises by a jury following a brief trial. On Wednesday Mrs. Pellegrini was tried on three counts, with possession, sale and contributing to the delinquency of a minor. The jury was out but a few minutes in her case and found her guilty on all counts. A prior conviction was alluded to in the proceedings of both defendants.

Judge Tuttle made it clear that if the defendants had plead guilty and come into court to make a clean breast of the affair the he would have shown some leniency possibly. In the case of the man, in spite of all the evidence that a well beaten path led from his back door into the brush where the high powered liquor was found, that he had perjured himself on the stand.

In the case of the woman, Judge Tuttle made it clear that her running a place where minors frequented was a very flagrant case and should be dealt with accordingly. He stated that the place she conducted had been a stench in the nostrils of the citizens of the community, a cess pool.

In passing sentence, it was ruled that the cash bail advanced by M. Angiolini was to be charged up against the fine. Attorney E. H. Armstrong representing the defendants took exception to this ruling.

District Attorney W. E. Wright handled the presecution in both cases and was highly complimented in making possible the securing of such heavy penalties as to discourage similar places being run.

Miss Mina Cobledick, who has a position with the Inter State Title Company, is home from Reno where she spent her vacation.

Miss Marian Mead, a former member of the local high school faculty, was wed last week at her Sacramento home to Mr. Amos Seifert of Lincoln.

R. A. Barnes is to undergo an operation in the city in the near future. His brother M. E. Barnes will have charge of his barber shop during his absence.

Water Supply From North Bloomfield Ditch Starts Work at the Ancho

During the past week operations have definitely been been started at the Ancho Mine near Graniteville by the Yellow Tiger Consolidated Mining Company. A crew of men is being asembled as rapidly as possible and the work of preparation hurried through so that all will be in order for a winter of operation. This Company has spent the past several months in a thorough examination of the mine and a study of the economic factors that will aid in its operation. As the management of the Yellow Tiger Company have based their figures to permit of profitable operation of ores perhaps lower in grade than the average heretofor treated in the mines of this vicinity. However the mine has splendid possibilities and it is believed that actual grade will be in excess of the base figures asumed.

The mill is being reconditioned and additions are being made to permit of handling the sulphides which contain the bulk of the values. It is a ten stamp mill and by certain variations in practice to meet the requirements of the ore it is felt that the tonnage of the plant can be readily increased to a considerable extent over the tonnage expected in amalgamation practice. Meanwhile the mine is being cleaned out and gotten in condition for mining. Covered ditches and flumes are being put in to insure a steady winter supply of water from Poorman Creek and the Company has rights on sufficient water to permit of continuous all year operation. Other surface buildings are being put in condition to insure winter comfort and it is expected that mining will be under way in four to six weeks.

The Ancho is a mine with a very interesting past record and with good promise for the future. One ore shoot of considerable size is already developed in a vein of unusually strong characteristics. While a low grade of ore is being assumed by the management of the Yellow Tiger Company, it is a vein that can readily produce considerable higher grade ore. In addition the property has excellent promise of results to be obtained from additional lateral development and the plan of operation will include adequate new development to disclose additional ore shoots as well as to develop the mine at greater depth. Cheap power, ease of mining and milling and good natural facilities should make the mine a profitable one virtually from the outset. An increase in the tonnage treated will be arranged for just as rapidly as developed ore reserves warrant.

The Yellow Tiger Company operated previously in the State of Nevada and has a record of some years operation. The centering of its efforts in this part of California follows a lengthy search for suitable properties and the management of the Company feel that the Ancho Mine provides a splendid opportunity for a successful operation. This Company has also been cleaning out and examining the Gold Point or Gray Eagle Mine at Gold Point between Downieville and Sierra City. Gordon M. Bettles, Manager for the Yellow Tiger Company states that he is also well pleased with this latter property. A considerable tonnage of low grade ore has been disclosed. However, there is difficulty in treating the ore and the successful operation of the mine seems to largely depend on the working out of a satisfactory method of recovering the values at a profit. Mr. Bettles is sanguine as to the outcome of these efforts and states it is his belief that the Gold Point Mine will in due course be worked extensively.

Rev. and Mrs. H. H. Buckner and daughter, Elizabeth, are home from attending Methodist Conference at Pacific Grove.

Mr and Mrs L.. Kaarsberg of Vallejo visited relatives here for a time. They left for Richardson Springs for the benefit of his health.

Foster Williamson came down from Washington Thursday on a short business trip.

ROUGH AND READY JOTS

ROUGH ANR READY, Sept. 22, (Special to The Nugget)— A. E. McCrea, who has been ill for some time, is much improved but it still confined to his bed.

Mrs. J. R. Capps and sons, Alton and Glenn, of Williams spent the week-end here with her daughter, Mrs. George Single.

Ben Manshardt and wife, Melvin Rapp and wife spent Sunday with Mr. and Mrs. George Single.

Several deer have been killed around Penn Valley section.

George Howe has been the only lucky hunter around here so far, but here's wishing some of the other local people good luck.

Jesse Ennor and family have returned from their summer home at Jackson Meadows.

Everything is in readiness for the American Legion Auxiliary dance at Penn Valley, Sept. 29th. The ladies are giving the dance to raise funds as their treasury is rather low. It will be a "Hard Times" dance, the tickets which will sell for $1.00 will include cake, and coffee. Ladies free. The cakes will be donated for the affair.

The old Dickerman ranch was a good place Saturday to meet all of your old friends and neighbors. Mr. Schwartz's friends seemed to be vieing with each other to cast first vote Mr. Schwartz was there greeting all alike with his hearty handshake and friendly smile.

The old Watt house was burned Friday morning early. Mr. and Mrs. Clark, who live there now lost every thing. Miss Molly Brown, an aunt of Mrs. Clark, nearly lost her life in the flames. Mr. Clark missed her and on looking through the window saw her lying in the room which was a mass of flames. He pulled her thru the window, but was badly schorched in doing so.

A popular way to travel to San Francisco is by the night boats on the Sacramento river operated by the California Transportation Company, every night except Sunday. The Pickwick Stage leaving Nevada City at 3:15 p. m. makes direct connection at Sacramento with the boat leaving at 6:30 and arriving at San Francisco the following morning. Comfortable berths, luxurious beds and staterooms are availabe and fine cuisine is afforded.

The night ride down the Sacramento river is a never to be forgotten experience to one who has not enjoyed it. On moonlit nights particularly the view from the broad decks is indescribably beautiful.

If you have never traveled to the city this way, you should not miss it.

OLD FOLKS SAY DR. CALDWELL WAS RIGHT

The basis of treating sickness has no changed since Dr. Caldwell left Medica College in 1875, nor since he placed o the market the laxative prescription h had used in his practice.

He treated constipation, biliousness headaches, mental depression, indigestion sour stomach and other indisposition entirely by means of simple vegetable laxatives, herbs and roots. These ar still the basis of Dr. Caldwell's Syrup Pepsin, a combination of senna an other mild herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle will last several months, and all can use it. It is pleasant to th taste, gentle in action, and free from narcotics. Elderly people find it ideal All drug stores have the generous bottles or write "Syrup Pepsin," Dept. BB Monticello, Illinois, for free trial bottle

FRENCH CORRAL ITEMS

FRENCH CORRAL, Sept. 22, (Special to The Nugget)— Hunters galore, is this week's excitement, the barking of hounds, and the crack of the rifle heard on all sides tells, us that the deer season is now open. No good luck in our vicinity that we have heard about, much to the annoyance of those who have gardens and clover patches. There were many hunting parties at this place Sunday and some came and camped Saturday night so as to be on hand early the next morning. Among the many were C. H. Hoffman and sons, Milton and Cecil, and friends accompanied them. The McPerson boys and their friends, all formerly of this place, but now residents of Sacramento. None took any venison home tho.

Mrs. C. H. Hoffman came with her husband and visited friends while here.

Mr. E. King and Mr. McAddams and friends were also up from Sacramento. No luck.

Stanley Housel of Mountezuma Hill was also among the hunters Sunday.

W. E. Moulton made a business trip to Marysville Friday and again Saturday. He also made a trip to Mountezuma Hill Saturday to take a load of supplies for a camping and hunting party who were to come there.

Dr. W. P. Sawyer and daughter, Miss Dorothy, made a trip to French Corral Friday. He was summoned to attend Mrs. J. D. Morris, who was suffering from the result of a fall she had a few days before. It was found she had broken a rib. After giving the necessary treatment, she was taken to the Nevada City Sanitarium. Mr. Hooper assistant to Mr. Holmes, accomapnied by Miss Peterson of the Nevada City Sanitarium came with the ambulance to take Mrs. J. D. Morris to the Sanitarium.

Mr. and Mrs. W. E. Moulton made a trip to North Bloomfield Friday evening to bring their daughter, Miss Louise home for the week's end. Miss Louise reports being very much pleased with her school at that place.

Mrs. Grace Olive and her cousin, Miss Mary Maloney, of Santa Rosa are spending some time at the home of their aunt, Mrs. Franciscovich.

Miss Catherine O'Conner returned to her home in Birchville Saturday after spending some time in Sacramento.

Mrs. Wm. Proovis of San Francisco and Mrs. George Murphy and daughters, Mrs. J. Rielly and baby, Mrs. J. Kelleher and little son all of Berkeley, and daughter-in-law, Mrs. Geo. Proovis, Jr., of Honolulu were all visiting at the home of their aunt, Mrs. K. Sullivan of French Corral last Monday.

A. Browning made a trip to Wheatland Monday.

D. Coughlan and Munson Church rested their large drove of cattle in French Corral Tuesday night. They were enroute to the foothills.

Stanley Byce of Weed is a visitor at French Corral.

Mrs. A. Browning has recovered sufficiently from her recent operation to return to her home in French Corral, Thursday.

Miss Nelly Sullivan and Mrs. K. Sullivan were visiting the Woods family of Sweetland Thursday. Mrs. Sullivan reported having a rare treat, having been shown some news papers of the following dates,— "Brother Jonh's Weekly" of May, 1852; a New York publication in whih was an account of the duel between Aaron Burr and Alexander Hamilton and much else that was very interesting. A copy of the "North San Juan Star" of May 1858 "North San Juan Times" of 1877 and 1886, also a copy of the "New York Ledger" in which Mrs. E. D. E. H. Southworth's famous novel, "The Hidden Hand," was being published. Those old papers are all history now and very interesting to look over.

THOUSANDS ARE ADOPTING THE HAPPINESS PLAN

Here is a panl that was thought out and designed to help working people reach their goal of independence and happiness. Your deposit each week, or each two weeks, or four weeks, will in 155 payments bring you more happiness than you ever dreamed you could enjoy, because it starts you on the road to independence.

If you can spare $3.02 each week from your earnings, $6.04 every other week, or $12.08 every fourth week, in a week less than three years you will have saved $468.10. To this the bank adds the interest the money has earned, and in addition makes your last payment, and you have a round five hundred dollars to make an investment, beautify your home, or whatever disposition you may desire.

You cannot lose, because if for any reason you cannot go ahead with the plan you can withdraw your money at any time, with regular bank interest. You can take as many certificates as you desire if you wish to save more than the $3.02 each week.

The interest you receive on this plan amounts to four and three tenths per cent compounded.

BOOKS GIVEN TO SCHOOL

Judge J. M. Walling has very generously given a set of nature books to the Nevada City high school. This set, "The New Nature Library," is a remarkable one. It is composed of eight volumes on varied subjects such as flowers, birds, frogs and fishes, trees, and reptiles. These books will be of great value to the school, especially to the general science department. The student body wishes to thank Judge Walling for his gift.

STAFF CHOSEN

The staff for the next two weeks is as follows: editor, Carroll Coughlan; senior reporter, Bernice Eden; junior reporter, Dorothy Tamblyn; sophomore reporter, Carl Murchie. and freshmen reporter, Bill Tamblyn; feature writers ,George Noyes and Pierson Tuttle.

COURT TO BE COMPLETED

Work on the much needed school tennis court is to begin as soon as Mr. Colvin, who is painting the building now, is free to start the court is to be made of cement and is of regulation size. It is to be dedicated to the classes of '25 which have turned over the money they have in the bank to the high school for use in buliding the court.

ENROLLMENT ANNOUNCED

The enrollment of the school is nearly the same this year as last. The total number is 134—one less than last year. Of these the sophomores have the greatest number—thirty eight. The freshmen are next with thirty-six, then the juniors with thirty five and the seniors last with only twenty five.

CHORUS WORK BEGUN

Under the supervision of Mr. Kjorlie, the girls' and boys' chorus have been organized. Dorothy Tamblyn has been chosen pianist of the girls' chorus, and Mary Jones of the boys'. The pupils are now singing three part songs, first and second soprano, and alto. The boys expect to form a glee club soon.

JUNIORS HOLD MEETING

At the last meeting of the juniors, held on September 7, the matter of getting class rings was discussed. A salesman, representing Van Wormers and Rodrigues, had a very favorable display and the class voted on the various rings, selecting one as a favorite. This man also gave the choice of a pin of the same pattern. There was quite a duscussion among the boys and girls as to the type of ring, the boys wanting a heavy set ring, and the girls a lighter one. The matter was left open until the class had seen other displays.

COUNCIL PLANS DANCE

On Thursday, September 20, the executive committee of the Nevada City high school held its first meeting of this year.

The subject before the house was the question of having student body parties every three weeks. Heretofore the students have been paying student body dues and receiving no results from their dollars. If such parties were held it would put more life in the student body and make it a more active organization. It would also give the students more benefit from their dues.

The executive council decided to have a student body dance every three weeks or once a month, if the student body approved and supported this movement.

ORGANIZE BASKETBALL

Under the physical education director, Miss Thelma Leschinsky, the girls intend to organize inter-class basket ball teams .The afternoon class has named itself the "Dashing Devils" and divided into Purple and Gold teams. The morning class has not organized itself as yet, but it also plans to divide into teams.

The boys were all pleasantly surprised last week when Mr. Pederson told them that they would not be forced to play rough games any more. He forthwith produced two and formed the boys into two lines to teach them an amusing game, in which one boy took a ball and ran across the lawn returning to give the ball to another boy, who repeated the strange performance.

He also placed the class in array and, standing before them, he waved his arms widely about his head instructing the class to do the same. He then gravely bowed as an expression of appreciation. The class politely bowed back. As the participants had not read the book of etiquette, they did not know when to cease, so kept on bowing until exhaustion compelled a cessation of activities.

YELL LEADERS PRACTICE

A person going around the corner of the school wood shed, thinking of the beauties of nature, would be rudely interrupted by a series of war whoops presumably issuing from the vocal organs of several small boys. But, if, during the basketball season, any person wishes to probe into this strange situation he need pay only thirty-five cent and he will see Carl Murchie, Francis Bernard, and Vernon Sandow gesticulating wildly in front of the grandstand.

NEW ZEALAND TALK

Miss Aimee Porter of New Zealand gave an interesting program at the high school Friday morning. Miss Porter had with her several films showing the beauties of New Zealand and the life of the natives there. She supplemented these films by a talk explaining the various pictures. Some of the pictures showed the geyser district. Others were of the natives, their customs and their dances. The program gave the students a very good idea of the wonders of New Zealand and was very much appreciated.

BASKETBALL TEAMS

Mr. Pederson has not yet secured the final data on the basketball teams, but a preliminary selection has been made.

On the "A" team are: Solaro and Evans, forwards; Pierce, center; Skeahan, Keen, Huson, and Hogan, guards. The "A" team lost some fine material in Penrose, Hegarty, Fred Hing, and Howard Wasley.

The "B" team has: Brisebill, Lorrins, Wasley, Addison Janes, forwards. Hoskins, center; Soaffis, Beegel, Rector, guards.

The "B" team lost Hart, Pierce, and Charles Hing. There are several others elegible, after scholastic difficulties are removed.

The "C" team has: Caswell, Fisher, Hieronimus, and Tamblyn, forwards; Rayner and Randall, centers; Sandow, Tom Wasley and Murchie, guards.

Bernard, Macari, Baker, Davis, Roberts and Browning constitute the "D" team.

Mr. Pederson expects to start basketball practice about November 1.

OYEZ — OYEZ — OYEZ

Our principal, Mr. Isensee, his wife and children, and Mr. and Mrs. Kiorlie went to Modesto, Friday evening, returning on Sunday. On the return trip they visited Mr. Isensee's father in San Francisco. Mr. Isensee found his father much improved in health.

FRESHMEN IMPRESSION

Gladys Clarke said that the high school was good except for the fact that the freshmen were unnoticed by the upper classmen.

The question is asked what becomes of all the old vehicles. The boys who conduct the night before Hallow'en exercises could tell what becomes of some of them.

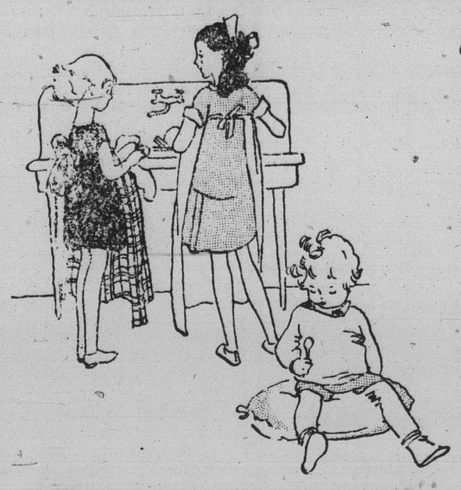
THERE'S THE CASE of the SIMS' CHILDREN



"A truck, driven by Paul——" the paper said, "struck the Sims' car head on.... Both Mr. and Mrs. Sims were instantly killed."

An uncle, the only relative, offered to provide for two of the children until the estate could be settled but could not afford to take the other two. Perhaps a friend would help.

But the Sims' had been fortunately foresighted. In addition to a will they had left a TRUST FUND SAVINGS ACCOUNT in the United Security Bank and Trust Company.

The balance in this account was immediately paid to the guardian. The children were kept together as a family group.

What would happen in your case?

HIGH SCHOOL CAFETERIA IS EXPECTED TO BE INSTALLED

A cafeteria is to be installed in the Grass Valley high school due to the efforts of the Parent Teacher Association. Mrs. C. R. Clinch is one of the leaders in the movement and has been visiting other high schools where such are installed to study their methods. There is a room at the school well adapted for the installation of the lunch service.

Mrs. J. W. Glasson and daughter attended the oprea in San Francisco.

Ray Hall made a business trip to the city last week.

In Five MILLION HOMES TONIGHT

There are times when all a mother's love can't soothe a fretful baby. No way of telling just what's wrong, yet something must be done. Castoria time! A few drops, and Baby has dropped off to sleep. Yet this marvelous means of quieting a restless infant is utterly harmless. There is not one ingredient but what all doctors know and approve, and would let you give your baby every day in the week. In fact Castoria is *a purely vegetable product.* Gas pains, constipation, even diarrhea can be dispelled in this same manner. Castoria is older than you are, but physicians still say "nothing better for babies." An old-fashioned remedy if you count its years, but parents are old-fashioned who still raise babies without its aid! And at least five million modern mothers keep it handy day and night, for twenty-five million bottles were bought last year! Buy yours *now*, don't wait until you need it.

FRIENDS VENISON COSTS MONEY IN JUSTICE COURT

Paul W. Smith and two friends, who were returning from a trip up on the Middle Yuba recently, to their home in Downieville, were apprehended by Game Warden Sears. They had been presented with some venison and had it in their car at the time, but not having hunting licenses or tags with them were hailed into Judge Mason's court and charged with possession. No evidence was adduced at the hearing to show they had been hunting or had any guns with them. They pleaded guilty to the charge of possession of thre pieces of venison and paid their fines.

It is claimed the American people talk too much, but anyway they keep fairly still while they are eating.

CITY TRUSTEES PURCHASE NEW FIRE DEPARTMENT HOSE

The prospect of having the city's books and accounts audited looms before the city board at the present time. An accountant from San Francisco was present Thursday night at the regular meeting and when informed that there hadn't been an audit made in thirty years, nearly had an attack of heart failure but recovered. He will make an estimate of the cost of going back a couple of years and of installing a modern system of books.

The trustees reported the purchase of 1300 feet of fire hose, 800 feet of 2½ inch Trojan double jacket hose and 500 feet of 1½ inch Pacific double jacket hose, which is to be delivered to the fire department at as early a date as possible. This will greatly augment the present supply and is greatly appreciated by the fire department members, who have been working with a short supply for some years.

A communication from Mrs. M. J. Lane that she would have the lower section of the burned area abutting the Plaza cleaned up, at an early date This eye sore has been troublesome for a long time and now that the work is commenced it is hoped that the good work will be kept up in the other sections of that area.

The matter of the recent street repairs was brought up by W. H. Schreiber representing J. A. Casson, who has the contract. He was anxious to get a clearance card from the trustees so that they could remove the equipment to another location but the board members decided to take up the legal features with City Attorney Nilon before committing themselves. They made an inspection of the work Saturday morning.

Good Collections

The report of the city terasurer showed water collections f $1364.50, meat licenses $50.00, license $5.00 Taxes $1600.72 and personal property taxes of $95.00

Two $350 sewer bonds were paid off last month and three interest coupons on sewer bonds.
